COMMUNITY OUTREACH

- Citywide workshops throughout project
- Direct outreach to community groups (what we're doing now)
- Tabling at community events
- Corridor workshops in the spring/summer of 2018
- BPAC meetings every two months (3rd Thursday of odd months)
- Periodic updates to the City Council

DEMONSTRATION PROJECTS

VISION ZERO...

- Is a policy commitment to reduce fatal and severe collisions to zero by a certain date
- Acknowledges that traffic collision deaths and serious injuries are preventable through safer street design
- Takes a multidisciplinary approach (public works, police, health, schools, emergency response)
- Involves physical changes, education, and enforcement

Vision Zero Cities

A Vision Zero City meets the following minimum standards:

- Sets clear goal of eliminating traffic fatalities and severe injuries
- Mayor has publicly officially committed to Vision Zero
- Vision Zero plan or strategy is in place, or Mayor has committed to doing so in the near future
- Key city departments (including Police, Transportation and Public Health) are engaged
